### Why Support ACAP?

- **★ Take Care of Your Soldiers**: Your Soldiers have contributed to your mission's success. You can contribute to your Soldiers' future success by promoting ACAP.
- **★ Take Care of Your Unit**: Annually thousands of Soldiers decide to reenlist. ACAP helps them to compare the benefits of reenlistment with what they can do in the private sector. Supporting ACAP participation shows non-transitioning Soldiers that you will be there for them.
- ★ Take Care of the Army: ACAP supports both AC and RC recruiting. ACAP can help the Army prevent unemployment compensation costs by preparing transitioning Soldiers to find employment. Our veterans and retirees are our Army Ambassadors who can help Army recruiting. How we treat them as they leave active duty will determine what they tell potential recruits.
- **★ Take Care of the Country**: Army training and experience prepares veterans and retirees to succeed in meaningful jobs. Our national and public welfare depends on our transitioning Soldiers to strengthen our communities and economy.

### **How You Can Help**

- ★ Ensure Soldiers start their ACAP services 12 months before transition date or 24 months before retirement date
- ★ Support your Soldiers' decision to transition
- ★ Ensure your Soldiers attend all scheduled transition training and briefings
- ★ Familiarize yourself with what success looks like by viewing our Success Stories on YouTube
